

**VISHWAKARMA**  
**ENGINEERING INDUSTRIES**

Mfg. : ALL TYPE OF CENTRIFUGE

## INTRODUCTION

In year 1988; “Vishwakarma Engineering Industries” was established in the field of manufacturing and servicing of centrifuges machineries. We are an ISO 9001:2015 Certified Pioneer Organisation who owe more than 5000 Sq. Mtr. area for Manufacturing and Services of various types; domestic cum imported centrifuges.

Segment in which we deliver our service:

Bulk producing Industries in line of

- Pharmaceutical Companies
- Speciality Chemicals Manufacturer
- Dyes and Pigment Manufacturer
- Agro based Pesticide Manufactures
- Other ancillary industries on special application of centrifuges

Since we have established this unit we manufactured thousands of centrifuge; and sold to more than hundreds of clients, across India in last three decades.

## OUR PRODUCTS

We beat our competitor not only by providing quality product but also by producing economical viable product which will give high yield in production; along with durability in machine’s life.

We produce various types of machines with client’s specific requirement as like

- Manual Top Discharge Centrifuges
- Bag Lifting Centrifuges
- Bottom Discharge Centrifuges
- Hydraulic Pusher Centrifuges

Above machine produce, products in various size from 12” to 60” diameters.

We produce as per client’s specific requirement in complete SS 316 GMP Model or SS with Halar Coating or MS and MS with rubber lining.

Our product thrive mainly due to skilled experience staffs, with three decades long experience of promoters for ensuring unmatched quality production. Quality production start form ensuring right quality raw material procuring; to State-of-Art production process and quality check by highly experience technical on each and every steps before dispatch.

## INFRASTRUCTURAL FACILITIES

A robust infrastructure is what acts as the strongest pillar in the long run. Vishwakarma Engineering Industries possesses a state-of-the-art infrastructure which is one of the best in the Industries. A Sturdy manufacturing unit outfitted with the most sophisticated machines and tools enable cost efficient production without any compromise on quality. Constant upgradation of manufacturing machines and methodologies further boosts the production capacity of the organization, thus enabling it to reciprocate to all kinds of customer demands.

A dexterous workforce comprising of the industry's best professionals is the pride of our institute, and is dedicated to take us to the zeniths of success. We assure our clients of the best products and Always ensure timely delivery as well.
